Full Package

**Group 1 only
(section 1 to 4 only)**

Company			Contact		
Job Name			Contact Phone number		
Job Location			Contact Fax Number		
Status	Bidding	Has Job	Contact E-Mail		
Specs	Yes (please include)	No	Due Date	Bid Date	

1 - General Data							
Application	Inground dir. (conventional) Cantilever roped Low-rise machine-room-less (1 to 3 stops)	Inground telescopic Twin direct	Cantilever direct Twin telescopic Mid-rise machine-room-less (4 to 10 stops)	Cantilever telescopic Twin roped			
Duty	Passenger Freight C1	Passenger/Service Freight C2	Freight A Freight C3	Freight B			
Seismic zone	0 1	2 3	4				
Shaft conditions	NEMA 1 (std)	Other (see misc) _____					
Machine room conditions	NEMA 1 (std)	Other (see misc) _____					
Machine room location	Adjacent	Remote _____ ft from shaft					
Openings	Landing qty: _____ -----Passenger----- (or) -----Freight-----						
Front	qty: _____ Size (WxH) _____ ft-in	Door speed(1or2) _____	Side Opening	Center Opening	Pass Type	Biparting (reg)	
Rear	qty: _____ Size (WxH) _____ ft-in	Door speed(1or2) _____	Side Opening	Center Opening	Pass Type	Biparting (reg)	
Side	qty: _____ Size (WxH) _____ ft-in	Door speed(1or2) _____	Side Opening	Center Opening	Pass Type	Biparting (reg)	
Travel	_____ ft-in	Overhead height:	_____ ft-in				
Capacity	_____ lbs	Avail. cab height:	_____ ft-in	Hoistway width	_____ ft-in	Platform width	_____ ft-in
Speed	_____ fpm (max 200)	Avail. pit depth:	_____ ft-in	Hoistway depth	_____ ft-in	Platform depth	_____ ft-in
2 - Construction							
Hoistway	New Construction		Existing				
Walls type	Masonry Walls	Drywall	Concrete	Wall thickness _____ in			
3 - Sling							
Platform	1 layer plywood	2 layers plywood	Isolated				
Guide shoes	Slide	Roller	Roller spring loaded				
Finish floor type (by others)	St/Stl checker plate	Steel checker plate	Alum. checker plate	Tile			
Others / Comments:	Marble	Stone	Other: _____	Finish floor thickness _____ in			
4 - Power Unit							
Power unit type	Submersible (LUPA)	Dry (LTPA)	Pressure limitation: _____ PSI				
Starter type	Solid state (std)	Wye-Delta					
Features	Tank heater	Oil cooler	Oil viscosity thermostat				
Starts / hour	80	120					
Voltage	208V/3PH/60HZ	230V/3PH/60HZ	480V/3PH/60HZ	575V/3PH/60HZ			
Others / Comments							

5 - Cab Enclosure & Entrances

-Enclosure (passenger/service)-					
Cab walls	Hang on panels	Flush applied panels			
Walls finish	Plastic laminated	St/Stl #4	Bronze #4	Wood veneer	Other: _____
